We're Moving!

Chamber News...

The Sioux Center Chamber staff and board are excited to announce that we are acquiring the south portion of the former Kroese & Kroese building at 530 N Main Ave. This space presents tremendous opportunities for growth, enabling the chamber to offer enhanced services and programs to our members and aligns perfectly with our strategic vision for the years ahead. We anticipate this move will happen late summer. Stay tuned for more information in the coming weeks, including exciting partnership and impact opportunities!

April Session

Last month's session of LSC focused on Diversity and we heard from Danielle, Interstates, on the importance of psychological safety and being aware of our personal biases. We heard some powerful, personal stories from our incredible panel. And we toured Sioux Center Health, Sioux Center High School, heard from Promise Community Health Center and learned how each of these organizations do an amazing job in serving their diverse group of students and patients. Thank you to American State Bank for hosting our group this month and sponsoring the food including a delicious meal from La Trailita!

 **IMPORTANT**

ANNUAL CHAMBER INVESTMENT

Members with a renewal date of **July 1** will soon be receiving a letter and invoice with their annual Chamber investment. We also included an explanation of our tiers and each of their benefits. If you have any questions, please contact our office and we would be happy to assist you!

SET YOUR SOFTENER

25

GRAINS OF HARDNESS

RE-SET YOUR WATER SOFTENER & SAVE!

Sioux Center water users can dial back their water softeners, thanks to the addition of water from the Lewis & Clark Regional Water System.

Sioux Center water is now at 22 grains of hardness. Prior to adding Lewis & Clark water, our water's hardness was around 43 grains.

The Sioux Center Water Department recommends customers adjust their softeners down to 25 grains of hardness. Turning down water softeners can help users save on salt, water used by the softener's cycle, and wear and tear on the softener.

To adjust a softener, consult with your softener supplier, a local plumber or review the softener's manual and online information. Decreasing salt usage in softeners also will decrease the amount of chlorides in our community's wastewater, which will help respond to new DNR requirements.

AWARENESS MONTH

Wear green on May 16

Green is the color that represents mental health awareness. Show your support by wearing green on May 16. Encourage your staff, your family, and your friends to get involved! Share a picture online using #bettertogetherSC

Positivitea in the Communittea

In May, local coffee and tea shops are helping us spread the word about mental health awareness! You can visit 712 Nutrition, Casey's Bakery, and New Grounds in Sioux Center, The Grain House and Anew Nutrition in Hull, and Showroom Sweets and Northwest Nutrition in Hawarden to purchase a specialty Better Together drink.

Prioritizing your mental health is not something you have to do alone. Find local, professional mental health services that are right for you.

about

HINSCH HEALTH + WELLNESS

Hinsch Health & Wellness, PLLC is a small practice that started this past year and is now accepting patients for telemedicine and in-person/in-home appointments for those in need of a clinician who is willing to bring the office to the patient. We offer concierge services at a regular service rate and can be available to patients any time. We partner with patients that have a preferred primary care provider in the area or are looking for a new one to help serve their needs. We are a small practice that wishes to create access to patients who find it challenging to get to a provider during those hard days; for our hard working farmer that has to bring the crop in and needs to be seen and can not get into the clinic, to our nervous mom with a newborn that wishes to be in a more intimate location for a wellness check or sick call from home. Our hope is to bring the small town feeling back to the home without rushing the patient out the door. We also accept insurance and cash pay for services. We see all ages of patients in primary care. We hold 20 years of devoted healthcare experience and are veteran-owned, we love helping our vets access VA care services.

Farmers Coop Society Celebrates Groundbreaking of Member's Cut

Sioux Center, IA – Farmers Coop Society (FCS), a cornerstone of support for local farmers since its founding in 1907, proudly announced the successful groundbreaking ceremony for its newest venture, Member's Cut, which took place on April 24th, 2024.

Member's Cut, founded by FCS, is excited to showcase premium quality cuts of beef and pork sourced directly from our cooperative members to our local community and surrounding areas. This full-service meat shop is open to all customers, reflecting our cooperative system's pride in our members' work and farms. It's about supporting your community and contributing to a sustainable food supply chain.

"We are excited to introduce Member's Cut to our community and surrounding areas, offering premium-quality, locally sourced meat that highlights the dedication of our cooperative members," said Jen Sawyer, Director of Marketing and Communication at FCS.

The groundbreaking event was attended by key stakeholders, including FCS's contractor, MBW, members of the FCS Board of Directors, Sioux Center City officials, and Senior Leaders from FCS.

"Our vision for Member's Cut is to be the heart of a sustainable, community-driven meat market," added Christian Fisher, the Director of Member's Cut. "We aim to provide our customers with premium quality, locally sourced meat, ensuring that each cut is a testament to our local farmers' hard work and dedication. Our commitment to quality and sustainability is reflected in every cut, and we look forward to welcoming all customers to experience our premium offerings when we open later this year."

Member's Cut is anticipating opening during the fourth quarter of this year. For updates, promotions, and behind-the-scenes glimpses of Member's Cut, follow us on Facebook @Member's Cut or visit our website at www.farmerscoopociety.com.

About Farmers Coop Society (FCS):

Founded in 1907, Farmers Coop Society (FCS), a member-owned cooperative, has remained steadfast in its commitment to local farmers, providing them with a reliable and equitable platform to purchase and sell farm commodities. FCS encompasses four divisions dedicated to serving local farm producers: Agronomy, Feed, Grain, and How-to Building Center. With a mission of delivering Sustainable Ag Business Solutions, FCS continues to promote sustainability, integrity, and a member-centric approach in all its operations.
