NISO/NISOD is made possible by the generous support of Dordt University, Sioux Center Recreation and Arts Council, the Friends of the Symphony, and individual patrons, organizations and business establishments.

Dordt University is thankful to be experiencing momentum across campus, including record enrollment this year. During this time of growth, Dordt has reflected on what resources—campus spaces, finances, and services—we offer students, and what we want Dordt to be like in the future. This has led us to launch “Planting for the Future,” our largest capital campaign ever.

This campaign will help to fund projects such as a new dining commons and to make improvements to buildings like the B.J. Haan Auditorium and the Recreation Center. Plus, it will fund further scholarships and additional research and development opportunities for students and faculty. [Learn more.](#)
