Leadership Sioux Center enjoyed a few days in Des Moines visiting with Governor Kim Reynolds, Lieutenant Governor Adam Gregg, Debi Durham with Iowa Economic Development Authority, Secretary of Ag Mike Naig, and Representative Skyler Wheeler. We also enjoyed touring the Capitol and learning more about state government.

Welcome Kendra Kunnari

our newest member of the Chamber Team!

I'm really excited to be joining the team as the new Marketing & Communications Coordinator. My husband, Troy, and I have been in Sioux Center for nearly 7 years. We've had our 3 kids here and have made this town our home. I have been working in Design and Marketing for the past 8 years, and my favorite thing with the work that I do is seeing my personal touch in the communities I've worked in. I'm looking forward to being a part of an organization that promotes our local businesses and to see the continual growth of our community.

Best wishes to Ashtyn Sneller and her family as they recently moved to Lee's Summit, MO. We have greatly appreciated the marketing expertise and skill set she brought to the Chamber and she'll be greatly missed! We wish them well as they begin their next journey!

Pella Corporation Donates \$85,000 to Sioux Center Organizations to Kick-Off 2022

Funds to support three important initiatives in the community

Pella, IA – January 24, 2022 – Three organizations in Sioux Center, Iowa, have been awarded grants from Pella Corporation. Totaling \$85,000, these grants will help pay for various project-related costs associated with new, or existing community-oriented spaces.

Recipients of these recent grants, total funds received and comments from key leaders include:

- Sioux Center Indoor Turf Field (\$50,000) – The grant will be used to help with the construction of a new indoor turf facility to provide a multi-purpose space for sporting and recreational activities. This project is a collaboration between the city, Dordt University and local businesses.

“We are grateful for the generous donation from the Pella Corporation to help with the construction of the American State Bank Sports Complex. This facility will benefit both Dordt athletics and the greater Sioux Center community, providing a place where we can enhance our athletic and recreational programs and continue to maintain community partnerships. Dordt is most grateful for Pella Corporation’s investment in our local community.” – Ross Douma, Director of Athletics, Dordt University

“We’re grateful for Pella’s commitment to support quality of life and economic growth in Sioux Center, adding to opportunities for residents and continuing to bring people here to work, play, study and live.” – Scott Wynja, Sioux Center City Manager

- Sioux Center Christian School (\$25,000) – The grant will be used to help with the construction of a new multi-purpose space and classroom addition at the school. We are thankful for all of the ways Pella Corporation of Sioux Center is an active partner in education in our community. Along with the Staff Member of the Month Award, in which they honor Sioux Center teachers who go above and beyond, they also contribute to the Classroom to Career program. Sioux Center Christian School and many other local organizations are greatly blessed by the community spirit of the Pella Corporation team!” – Dr. Josh Bowar, Head of School, Sioux Center Christian School

- Family Crisis Centers (\$10,000) – the grant will be used to help pay for a remodeling and painting project at the facility, which provides free, confidential services to many communities throughout northwest Iowa – and it is the only facility of its kind in the area.

“The donation from Pella Corporation will help Family Crisis Centers build a safe and secure foundation for foster children. For the first time in the state of Iowa’s history, foster children will have an environment to reconnect and bond with their biological parents. Funds from the Pella Foundation have thrust the Family Visitation Center into immediate action.” – Shari Kastein, Executive Director, Family Crisis Centers, Inc.

“As these recipients have developed their requests, we have been involved with each of these organizations, discussing their projects and the value they bring to the community,” said Denny Van Zanten, Pella’s Sioux Center Plant Manager. “We are very excited and thankful that Pella Corporation is able to support each of these efforts to improve the lives of people in Sioux Center, and beyond.”
