## INTERSTATES

The team members at Interstates have been busy this summer supporting various organizations in their communities! Through the Interstates Foundation, a service project program called Engage encourages team members at Interstates to provide value and service to their communities.

Jessica Regnerus, Interstates Engage Coordinator tells us more about the program. "Engage is a company-wide endeavor that enables our team members to live out Interstates' core values through service projects and partnerships with local organizations. We want our people to suggest and help coordinate projects that align with their passions. Whether they're in an office or on a job site, there are always opportunities for service and engagement. A really neat part of this program is that it also helps our team members build relationships with each other through service projects." The best part is, they have fun while they're doing it! Here are just a few service projects that the Interstates Engage Program has been involved with this summer:

- **BUILDING PARTS OF A GARAGE IN SIOUX FALLS, SD WITH HABITAT FOR HUMANITY**
- **HIGHWAY CLEAN-UP ALONG HWY 75, NORTH OF SIOUX CENTER, IA**
- **WORKING AT THE FOOD BANK OF SIOUXLAND IN SIOUX CITY, IA**
